Technical Skills

- Python with Django
- HTML and CSS
- Heroku
- ElasticSearch
- PostgreSQL
- SQLite
- Bootstrap
- Semantic UI
- Django Rest Framework
- Javascript

Work Experience

The Iron Yard

September 2016 – December 2016

- Learned Python/Django, HTML, CSS, and JavaScript in 12 weeks.
- Completed all daily and weekend assignments.
- In the final 3 weeks, I built a web application of my choice using the knowledge I learned there.

REMA USA

July 2015 – July 2016

Assembler

- Assemble electric vehicle chargers as a member of an assembly line.
- Test the chargers and packed them up if they worked.
- If they failed, then I would locate the problem and fix it.

Presort Plus, Inc.

June 2012 - July 2015

Warehouse Worker

- Place a stamp on the mail with the appropriate rate.
- Sort the mail by zip code.

Education
